

What VILDEN PRO Could Mean for *Your* Business.

A simple, illustrative look at how a VILDEN PRO recovery suite could pay for itself — using a modest example booking scenario, not a promise of results. Numbers below reflect Shop Pay's standard business financing terms as of today.

WHEN REVENUE ACTUALLY STARTS

Each VILDEN PRO unit is built to order: Months 1–2 cover manufacturing, and Month 3 covers shipping and delivery. The example below reflects Month 4 onward, once your suite is installed and taking bookings — not Month 1.
